## EDUCATION

**University of Colorado Boulder** August 2019-May 2023  
BS in Business Administration with emphasis in Marketing with Computer Science Integration  
Minor in Creative Technology and Design

## EXPERIENCE

**Space Environment Technologies, Boulder, CO (Remote)** September 2023-Present  
*Research Associate*

- Redesigning and maintaining WordPress website to improve usability and modernize visual branding.
- Coding self-hosted, secure webpages for clients to access data using HTML, CSS, JavaScript, and PHP.
- Creating expressive, engaging, video content using Adobe Premiere to showcase important projects.

**Front End Web Development Intern** May 2023-August 2023

- Implemented new design of key sections of website in WordPress to improve usability and navigability.
- Wrote copy to convey complex scientific objectives to a broad audience.

**Vikki Wong Photography, Highlands Ranch, CO (Self-Employed)** June 2020-Present  
*Portrait Photographer*

- Shooting and editing professional quality photos for a variety of clients, including 303 Magazine.
- Executing conceptual/artistic photoshoots on location, both in and out of studio.

**ATLAS Institute (University of Colorado), Boulder, CO** August 2022-May 2023  
*Front End Development Learning Assistant*

- Teaching undergrad students HTML, CSS, JavaScript, visual design using Figma, and API integration.
- Leading recitations, holding office hours, grading assignments, responding to student emails in a timely manner.
- Helping students debug code and develop problem solving/research skills.

**COLUMN Lab (University of Colorado), Boulder, CO** September 2021-November 2021  
*Undergraduate Research Assistant*

- Conducted two live interviews each week with other Reddit focused graduate researchers to gather qualitative data.
- Analyzed large dataset of subreddits and their mutual users to draw conclusions about sense of virtual community on Reddit.

**United Chinese Americans, Washington, DC (Remote)** May 2020-August 2020  
*Content Production Intern*

- Researched and recorded interviews with influential figures in the Chinese American community.
- Published five video episodes to YouTube with interview footage about intersectional Chinese American experiences.

## PROJECTS

**Photoshoot Location Finder** March 2022  
<https://devpost.com/software/photo-shoot-location-finder>

- First place winner in UI/UX at HackCU8.
- Used HTML/CSS/JS/Bootstrap to build a working prototype of a browsable photo gallery that links photos to their locations in Google Maps. Enables new photographers to easily connect their photographic vision to a tangible location.

## LEADERSHIP

**On That Note Acapella** September 2019-May 2023  
*Co-President*

- Organizing events such as auditions, group retreats, and performances.
- Directing weekly rehearsals and teaching vocal music at an intermediate level.
- Promoting group and recruiting members through social media channels and in person campus events.
